

Mercedes-Benz USA's Sales Jump 10.8 Percent In October

{mosgoogle right}Mercedes-Benz USA's sales figures for the month of October are in, and as was the case last month, things are looking lovely, with the U.S. segment moving 22,820 new vehicles - an increase of 10.8 percent over October 2006 (20,598 new units). This figure brings MBUSA's ten-month year-to-date sales up to 203,085 new units, a 2.8 percent increase over the same period last year (197,599 new units).
