

Review Roundup, Super-Sized Edition: Numerous CL-Class And C-Class Models, SLK55 AMG Tested

If you've sent us a tip recently you've no doubt noticed the fact that some, over a week later, still haven't been attended to. If you're one of these individuals, thank you - we appreciate each and every tip we receive; and we haven't forgotten about them. We've just been hard at work on a few things which we'll hopefully be able to tell you about in the near future, and as a result, we're running a little behind schedule. So hang in there; we have some incredible things planned for you; and keep the tips coming, cause you know we love 'em. Now that you have at least a somewhat better idea of what we've been up to, it's time to get caught up on some of the aforementioned tips, starting with what can only be described as a super-sized 'Review Roundup.' In total, thirteen different articles dedicated to analyzing Mercedes models have been written recently, with the CL63 AMG, CL500, a host of C-Class models, and the SLK55 AMG Black Series all being put their paces.
