

Mercedes-Benz Expands Brand Portal For Cell Phones

{mosgoogle right}Mercedes has announced today that they are expanding their mobile offerings at Mercedes-Benz.mobi, adding the ability to use both the Mercedes-Benz Mixed Tape and Mercedes-Benz TV services at the online destination. In addition, information pertaining to Mercedes-Benz has been expanded as well, with mobile users now having the ability to customize any of their favorite Mercedes model series with various color options, equipment packages and wheel designs, and then have images of their chosen vehicle downloaded directly to their mobile device.
