

Mercedes-Benz BlueZERO E-CELL PLUS Second Look

{mosgoogle right}Mercedes-Benz today has again detailed one member of their modularly constructed electric car familyâ€”the Mercedes BlueZERO E-CELL PLUS. Based on the BlueZERO E-CELL (one of the models unveiled late last year that's driven only by a battery-powered electric drive), the BlueZERO E-CELL PLUS features the same battery powered electric motor but adds a compact 50kW three-cylinder turbocharged petrol engine. As a result, the BlueZERO E-CELL PLUS boasts an operating range of up to 600 km, whereas the BlueZERO E-CELL notes an operating range of 200 km.
