

Spy Photos Of The 2008 Mercedes-Benz C63 AMG

{mosgoogle right} What could be better than a host of spy photos capturing the 2008 Mercedes C-Class being but through its paces in preparation for its world debut? The answer, of course, is a host of spy photos capturing the 2008 Mercedes C63 AMG being but through its paces in preparation for its world debut, and thanks to an astute reader by the name of Platon, that's exactly what we have for you this morning. It turns out, the boys over at Car and Driver have captured what appears to be the newest C-Class, complete with quad exhaust pipes, new wheels, and a mesh grille... all tell-tale signs this isn't your typical 2008 Mercedes C-Class.
