

Brabus Unleashes The S V12 S Biturbo

{mosgoogle right} What happens when you take an ordinary, run-of-the-mill \$140,000+ Mercedes S600, increase its displacement from 5.5 to 6.3-Liters, add larger turbochargers and a more efficient intercooling system? You get the Brabus S V12 S, the world's fastest and most powerful luxury sedan. In total, the Brabus S V12 S packs an astonishing 730 horsepower, enough to propel the luxurious beast from 0-62 mph in just four seconds, 0-124 mph in 11.9 seconds, and reach an electronically limited top speed of 211 mph, all from a vehicle that weighs over 4,400 lbs.
