

Updated 2009 Mercedes-Benz CLS63 AMG Details Announced

{mosgoogle right}Another model making headlines while we were away was the Mercedes CLS63 AMG, with a pair of photos surfacing that demonstrate precisely what the model will look like after its mid-life 2009 model year refreshening. As the CLS is already a stunning, stunning vehicle, it's hardly surprising that few changes are present on the new four door coupe. Areas that have changed, however, include a new front grille sporting only two bars; larger 19-inch wheels; LED tail lights; and a now carbon rear spoiler. In terms of power, the CLS63 remains unchanged, with the model still boasting 514 horsepower and a 0-62mph time of just 4.5 seconds.
