

Mercedes-Benz SL65 AMG Black Series And CLC Convertible Renderings

{mosgoogle right}

On Friday we brought word that a teaser image had appeared on the AMG Private Lounge website, and that in all probability, the disguised model was a Mercedes SL65 AMG Black Series. For those of you too impatient to wait until July to see the model unveiled, however, we received an email from a fine artist by the name of Jonathan who has illustrated in advance his vision of the new SL. Although the lines of the Jonathan's rendering are a little sharp when compared to the prior images of the SL65 AMG Black Series (images that show the SL with masking removed), the rendering is still a fantastic visualization of the yet-to-be-released supercar.
