

World Premier Of The Brabus Mercedes-Benz GLK-Class

{mosgoogle right}For those of you looking to add an additional dash of style and substance to your new Mercedes GLK, BRABUS has unveiled an exclusive tuning program for the compact SUV just in time for its official market launch. As they always so adeptly do, BRABUS engineers focused on bettering the GLK in two key areas: speeding up the baby Benz and blessing it with a shaplier-yet-still-robust figure. The result is a markedly more sporty SUV that still retains the love it or hate it design the GLK is already synonymous with.
